

TILLMAN PARK

STATESBORO, GEORGIA

Located in Statesboro, Georgia, Tillman Park is a 40 unit townhouse development on a 3 acre parcel adjacent to Georgia Southern University. The plan calls for a mix of housing types developed by Allison Ramsey Architects to address the existing neighborhood as well as the clients' needs. Initial design concepts were presented to the city manager and the project was developed with the city to allow the project to be developed as designed. Design services include: Master plan, Pool House, Community Center, Mail Pavilion, Townhouses, Mansion Flats, and Logo Design. This project began construction in January of 2006.
